FIG. 8

FIG. 8 illustrates a user interface for displaying business schedules. The interface includes a control bar at the top with several icons and buttons, and a main display area showing a calendar for April 25 (TUES.).

The control bar contains the following elements:

- A dashed box labeled F20 containing six icons: a clock, a train, a car, a coffee cup, a calendar, and a document.
- A button labeled F30 with the text "MONTHLY DISPLAY".
- A button labeled F40 with the text "FORWARD".
- A button labeled F50 with the text "BACKWARD".

The main display area shows a calendar for April 25 (TUES.). The calendar is organized into a grid with time slots on the left and a single column for the date. The time slots range from 7:00 to 23:00 in one-hour increments. A bracket on the right side of the calendar grid is labeled F10.
